

Effective October 1, 2017

Celina Toxin Testing Policy

Mercer Landmark Inc. will be testing for Vomitoxin levels in all corn delivered to our Celina location. A composite sample of each customer's daily loads will be collected for this testing. The Vomitoxin test results of the sample will be applied to each ticket associated with the sample and discounts will apply per the schedule noted below. No testing fee will be charged for daily composite testing. Customers will have the option for individual testing at a charge of \$30.00. The charge will be invoiced to their account. The results of the second re grade will be applied to the ticket no matter the result.

Vomitoxin results will be posted on the scale ticket as soon as they are determined. Any sample that is tested individually will be omitted from the composite.

If a Customer requests individual testing, they must make us aware prior to sampling. If the Customer wishes to have the results before unloading, they will be asked to pull aside and wait for them. After the customer has their results they will return to the end of the line.

The following discount schedule will apply:

<u>Vomitoxin Level (PPM)</u>	<u>Discount</u>
Less than 2.0	No Discount
2.1 - 3.0	\$0.025
3.1 - 4.0	\$0.050
4.1 - 5.0	\$0.075
5.1 - 6.0	\$0.100
6.1 - 7.0	\$0.125
7.1 - 8.0	\$0.150
8.1 - 9.0	\$0.175
9.1 - 10.0	\$0.200
Greater than 10.0	\$.05 per each PPM

Mercer Landmark, Inc. reserves the right to reject loads or future loads from the same source when individual or composite samples are at and/or over 5.0 PPM Vomitoxin.

The discount schedule is subject to change without notice.
