

# HAVE YOUR INVOICES AND STATEMENT EMAILED TO YOU

Instead of receiving your statement and invoices via mail you can now receive them via email. It is much safer than standard mail because it won't get lost in the mailing system and take even longer to receive. From there you can view it, print it, or even save it.

## **Reasons to use Email**

- Statement will arrive to your email the first or second working day of the month. That can be 4 to 7 days sooner than mailed statements. No worries of missing due dates or discounts.
- You can print out your statement and invoices so you can still have a hardcopy.
- You can save it for electronic record keeping.
- You can view your statement from any location that has internet access. Just log into your email inbox.
- Go Green

**Sign up is easy. Just see any of our locations for the form!**
